REPAIR SERVICE

Sources of trouble:

1. Telephone company lines
2. Wiring inside your residence
3. The telephone set

Call the repair number listed previously to report interruptions in dial tone or problems with hearing or being heard. Northwestern Bell will repair service problems in telephone company switching centers and lines connected to the terminal box located inside/outside your residence at no charge. If your service is interrupted for more than 24-hours after being reported to Repair Service, you may qualify for credit on your local monthly charges.

If the service problem is in the wiring inside your residence, Northwestern Bell can repair the trouble. There will be no charge if you subscribe to the Inside Wiring Maintenance Plan. The charge is $1.00 per month per telephone line. If you do not subscribe to the Plan, you will need to arrange for the repair of the wire. Northwestern Bell is among the suppliers you can ask to do the work. We will bill you for the time involved and materials if you choose us to do the work.

Northwestern Bell technicians will also identify the specific location of a faulty telephone set if you subscribe to the Plan. If you do not subscribe to the Plan, charges will apply if Northwestern Bell makes a repair visit and the trouble is determined to be a condition in the phone, terminal or data equipment.

The source of repair for telephone sets depends on whether you lease or own the telephones. If you lease, contact the supplier. If you own your telephones, follow the repair instructions on the warranty or return the telephone to the place you bought it.

WIRING OPTIONS

Customers are responsible for the installation, maintenance and repair of all new and existing telephone wiring located within their premises. Inside wiring is the wire that connects the telephone company line to telephones. Generally the telephone company line is connected with inside wiring in your premises at a point close to the telephone company protector, a voltage protection device. All inside wiring must meet certain technical standards. Landlords may be responsible for wiring on rental property.

THREE OPTIONS ARE AVAILABLE:

NORTHWESTERN BELL WILL WIRE YOUR HOME OR OFFICE

If you are building or remodeling, we can install telephone wires before the walls are put up. Or wiring can be installed in finished locations. Call a Service Representative for more information about this service and what charges apply.

DO-IT-YOURSELF

Special kits let you do-it-yourself. You can install new wiring or add wiring at your convenience.

YOU CAN HIRE A CONTRACTOR

If you prefer, you can hire a private contractor to do the work for you. Charges will be based on your agreement with the contractor.

PREMISES CABLE

Effective July 1, 1986, Northwestern Bell customers are responsible for the installation and maintenance of all premises telephone cable on their property. Premises cable is all telephone cable on the same continuous property that runs between buildings and between floors in buildings. This DOES affect owners, managers and occupants of multi-tenant and multi-story buildings.

Northwestern Bell will only be responsible for the cable up to the Demarcation Point terminal where it enters a building or complex. Any work that is needed past the Demarcation Point will be your responsibility. In many cases, the Demarcation Point will be marked with a sticker that looks like this:

DIRECTORY LISTINGS

LISTING COMES WITH NEW SERVICE

With your basic telephone service you receive a listing in the White Pages of your telephone book. You can list one name in the book, or two people with the same last name without an additional monthly charge.

There is a **$1.85** monthly charge on a non-published number which is not in the directory nor available from Directory Assistance.

Other telephone companies may vary.

TO CHANGE YOUR LISTING

If you want to change your listing for the next directory, call us before September 7, 1987* the directory "close date." For each listing change, you pay a one-time service order processing charge. To make members of your household easier to find, you may want to consider extra listings.

*This date is approximate and could change without notice. To ensure a listing change, call as far in advance as possible.

HOW TO OBTAIN DIRECTORIES

Additional directories or directories for other cities in Iowa may be obtained by calling your Service Representative. In some cases a charge may apply for out-of-town directories.

Also, if an impairment makes it impossible for you to look up numbers in the phone book, call your Service Representative to see if you qualify for exemption from charges for calls to the local Directory Assistance Operator. (This exemption applies only to your home phone service.)

All other times, dial no charge (TDD only):
1 + 800-855-1155

SERVICES FOR TDD CUSTOMERS ONLY*

If you are a TDD user, the Special Needs Center is your point of contact for all business with Northwestern Bell. The number is **1 + 800-223-3131** (no charge) Voice/TDD.

WHAT IS TDD SERVICE?

TDDs (Telecommunications Devices for the Deaf) are typewriter-like devices that permit hearing- or speech-impaired persons to communicate via telephone lines with other TDD users. The phone receiver fits into an acoustic coupler on the typewriter-like devices and permits the users to type messages back and forth.

OPERATOR ASSISTANCE FOR TDD-USERS

If you use a TDD and need help placing local, long distance, collect, Calling Card, third number or other Operator-assisted calls, or if you get cut off on a call, you can reach TDD Operator Services any time by dialing the number:
(TDD only) **1 + 800-855-1155** (no charge)

DIRECTORY LISTINGS FOR TDD USERS

A TDD-user can have a listing in the phone book to indicate a TDD, and can have the phone number appear with or without a street address.

Examples:

Smith, J J	TDD Only—555-8888
Smith, J J	TDD & Voice—555-8888
	or
Smith, J J 123 Allen Rd.	TDD Only—555-8888
Smith, J J 123 Allen Rd.	TDD & Voice—555-8888

The phrase "TDD only" preceding a telephone listing indicates the telephone is answered using a Telecommunications Device for the Deaf, and communication can take place over the line only via another TDD. If a listing includes "TDD & Voice," both TDD-users and speaking/hearing people can communicate over the line. There is no monthly charge for TDD customers requesting non-published listings.

SPECIAL RATES FOR LONG DISTANCE CALLS WITHIN YOUR NORTHWESTERN BELL ZONE**

If you or someone in your household is hearing or speech impaired and uses a TDD, your home phone service may be eligible for special rates on long distance calls that you dial yourself to telephone numbers within your Northwestern Bell Zone. Calls placed during the day are billed at the evening rates, and calls placed in the evening are charged at the night rate.

To qualify for the discounts, a physician, audiologist, speech pathologist, or a representative of an appropriate state agency must sign a form that you need the TDD to communicate by phone. Forms are available by calling the Special Needs Center. Northwestern Bell will notify you of receipt of your form by contacting you via TDD.

YIELDING A PARTY LINE IN AN EMERGENCY

State law makes it a crime to refuse to yield a party line immediately when told the line is needed for an emergency. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense shall be a fine or imprisonment, or both.

UNLAWFUL WIRETAPPING IS SUBJECT TO PROSECUTION

It is a crime under federal and state laws for any person to wiretap or otherwise intercept a telephone call, unless that person has first obtained the consent of one or both of the parties actually participating in the call. Properly authorized law enforcement officers can take part in interceptions without the consent of either party, when proceeding under court orders issued following the appropriate federal or state law. The penalty for illegal wiretapping can be imprisonment and/or a fine.

FRAUDULENT BILLING CAN LEAD TO PROSECUTION

It is illegal for a person to charge long distance calls to another's number or Calling Card without their permission. Persons placing such calls to avoid payment for service are subject to prosecution and if convicted are subject to imprisonment and/or a fine.

TELEPHONE EQUIPMENT

Customers are responsible for providing their telephone sets or other telephone equipment. Federal Communications Commission (FCC) guidelines allow you to supply your own telephone or other terminal equipment and connect it directly to the nationwide telephone network. You are not required to obtain your telephone or other terminal equipment from the telephone company in order to receive service. Rates and services are provided on an equal basis no matter where you obtained your equipment.

Telephones or other terminal equipment must be approved by the FCC and inside telephone wiring must meet certain technical standards. You are responsible for the proper connection, maintenance and repair of telephone equipment and inside wiring you are providing.

A charge of **$26** will apply for each repair visit by the telephone company requested by you when it is determined that the difficulty was not due to a condition in Northwestern Bell equipment or service, unless you subscribe to the Wiring Maintenance Plan. This charge is to recover the costs of sending a repair technician to your premises. If your telephone system is served through common equipment, such as Key Systems, CENTREX/CENTRON or PBXs, the charge is **$39.** No charge applies if the difficulty is found in the telephone company equipment.

FCC rules also require that you notify the telephone company before connecting your equipment.

Privately owned data equipment may be connected to certain semi-public phone service. Contact your Service Representative for information.

A charge of **$130** will apply for each repair visit by the telephone company requested by a data customer when the service difficulty is determined not to be in Northwestern Bell equipment or service.

Other telephone companies may vary.

Consumer Rights & Responsibilities (Cont'd)

TELEPHONE SETS FOR CUSTOMERS WITH MULTI-PARTY SERVICE

Special conditions apply for equipment used for multi-party service. Call your Service Representative for details.

Customers of other Telephone Companies should contact their local business office regarding telephone equipment.

OBTAINING TELEPHONE EQUIPMENT

If you want information about telephone sets or other types of *equipment,* contact a retail supplier of your choice. The sale of telephone equipment is a competitive business and, therefore, we cannot recommend particular suppliers to you. For more information, look in the Yellow Pages under "Telephone Equipment & Systems-Dealers."

TELEPHONE SAFETY

The telephone is one of the safest appliances in your home or office, but there are a few situations where a telephone user should be cautious.

- Do not use the telephone while you are in the bathtub, shower, or swimming pool. Putting the telephone in water could cause a shock.
- Avoid using the telephone during electrical storms in your immediate area. Urgent calls should be brief. Northwestern Bell uses protective measures to limit electrical surges from entering your home, but absolute protection from lightning is impossible.
- If you suspect a gas leak, report it immediately, but use a telephone away from the area in question. The telephone's electrical contacts could create a tiny spark when you dial. While unlikely, it is possible that this spark could ignite heavy concentrations of gas.

DIRECTORY ERRORS AND OMISSIONS

Northwestern Bell's liability due to errors in or omissions of directory listings shall be limited to and satisfied by an amount not exceeding one-half of the local exchange service charges (lines or trunks if PBX-CENTREX) for the service affected for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listing.

This tariff is on file with the Iowa Utilities Board and is also available for review at your telephone company.

Northwestern Bell has attempted to publish information that is current and accurate. However, the company cannot guarantee errors will not occur. The company is not responsible for the accuracy of material supplied by its subscribers or advertisers. In no event does Northwestern Bell assume any responsibility to notify directory users of any error or omission.

HOW TO HANDLE OBSCENE, ABUSIVE, THREATENING OR HARASSING CALLS

If you ever receive obscene, abusive, harassing or threatening calls, follow these suggestions:

1. Hang up at the first obscene word. Hang up if the caller remains silent the second time you say hello. Remember, YOU CONTROL YOUR TELEPHONE, not the person calling.

2. Do not give any information, such as your name or address, until the caller has been properly identified.

3. Advise your children and guests not to give out any information. If you are not at home, those answering your telephone should be instructed to say, "They're busy right now, may I take a message?"

4. If calls persist call your Telephone Company or your Police Department.

DISCONNECTING YOUR SERVICE

NO CHARGE TO DISCONNECT SERVICE

There is no charge to disconnect service. Call your Service Representative to make necessary arrangements. If you wish, charges can be stopped the day you call.

CONSUMER INFORMATION

OUR EMPLOYEES CARRY COMPANY IDENTIFICATION CARDS

For your safety every Northwestern Bell employee is required to carry an identification card showing his or her name, and a photograph. If you have any doubt whether people are from the phone company, please ask to see their card.

Modular and Non-Modular Outlets

These drawings show you how to identify and use modular outlets, and how to change some non-modular outlets to modular ones. Modular outlets let you plug in or move your own telephones. The drawings show you some types of outlets that could be in your home. However, these illustrations are not intended to be all-inclusive, and the outlets you have in your home may be different. For more information, contact a retail supplier. The sale of this type of equipment is a competitive business and, therefore, we cannot recommend particular suppliers to you. For more information, look in the Yellow Pages under "Telephone Equipment & Systems" headings.

Figures 1-4 show some outlets for modular telephones. Just line up the clip at the end of the cord with the outlet, and insert it. To disconnect it, squeeze the clip with your thumb and forefinger and gently pull it out.

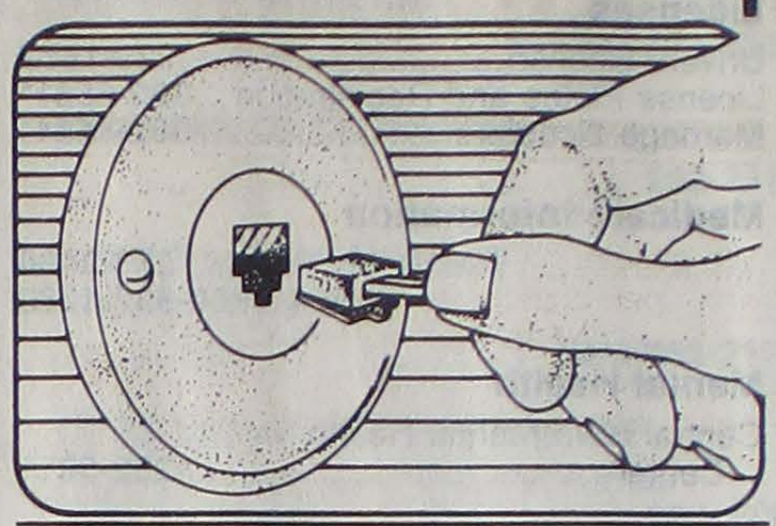

Figure 5 shows a special outlet for modular phones. To use it, push the cover in the direction of the arrow and insert the clip end of the modular cord. Then release the cover. It will spring back and fit snugly around the cord.

Figure 6 shows the outlet for a modular wall telephone. Line up the rivets on the outlet plate with the openings on the back of the phone. Push the phone lightly against the mounting and slide it down into place. To disconnect it, slide the phone up to lift it off the rivets, and pull it away from the wall.

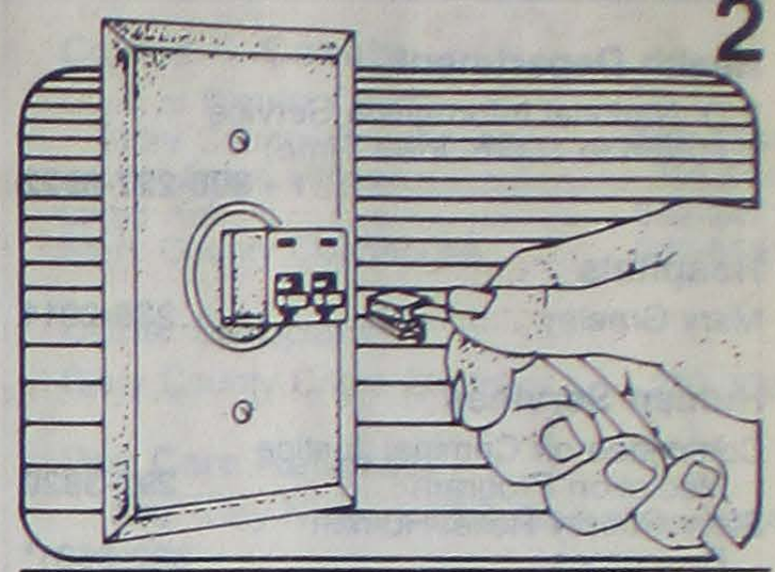

Figure 7 shows some non-modular outlets. You can easily change them to modular outlets by using special converters (not shown). Call your Service Representative for more information.

Figure 8 shows some other non-modular outlets (B thru E) and a sample converter (A). The converter permanently changes them to modular outlets to use with a modular cord. Plug the converter into the outlet, then plug the cord into the converter.

Northwestern Bell's Consumer Bill of Rights

Northwestern Bell is committed to these consumer rights:

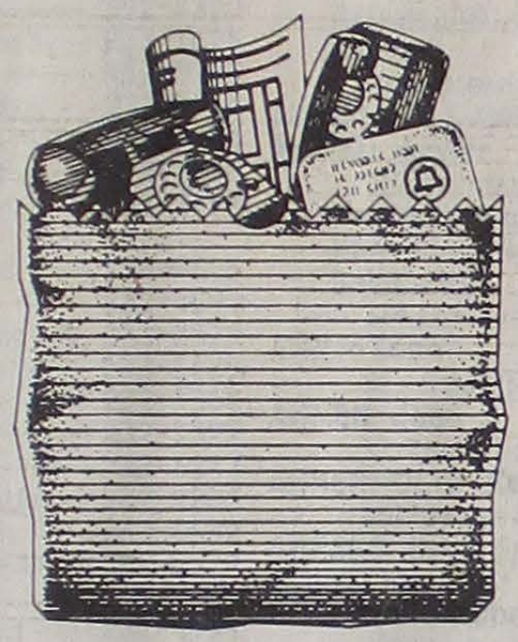

Dependable high quality services at reasonable prices
Northwestern Bell strives to provide quality telecommunications services for all consumers at fair and reasonable prices.

Courteous helpful assistance
Consumers deserve courteous, helpful assistance in all their transactions with Northwestern Bell employees.

Full information about our services
Consumers have a right to the information necessary to make sound decisions. It is our policy to provide consumers with the information they need about their telephone service, service options, including the lowest price service available, and pricing and payment options.

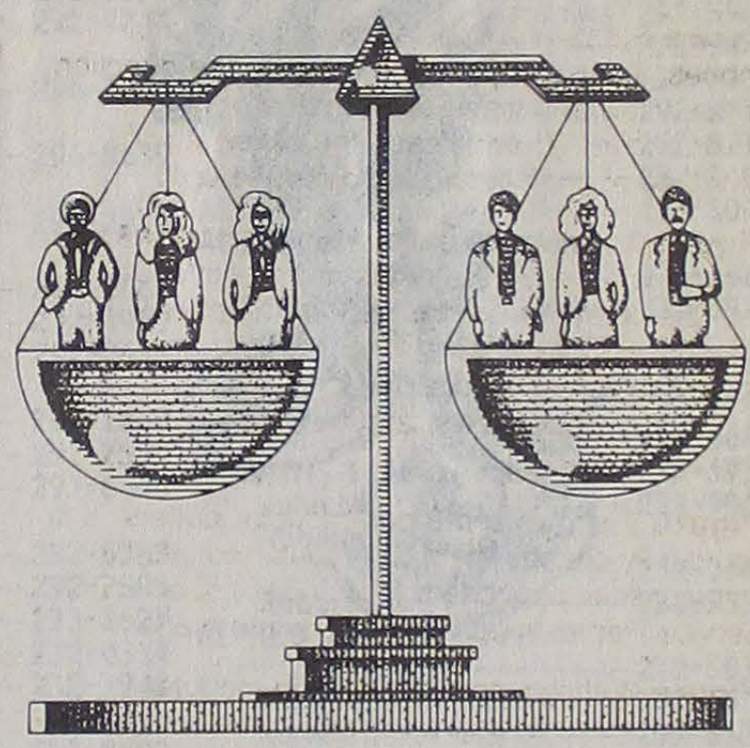

Choice of services
We believe consumers should have free and open choices of telecommunications services. When dealing with us the consumer should have the opportunity to select from all available service options.

Telecommunications privacy
We fully safeguard every individual's right to privacy as an essential aspect of our service. We carefully strive to protect communications services from unlawful wiretapping or other illegal interception. Customer service records, credit information and related confidential personal account information are fully protected.

An accurate, easily understood bill and reasonable billing procedure
We believe consumers should receive an accurate, easily understood bill, and one that makes clear when payment is due. Consumers are entitled to reasonable billing procedures and clear explanations about deposits, late payment of bills, collections, suspension, or disconnection of service for nonpayment. In case of bonafide emergencies, we try to avoid disconnection of service for nonpayment.

Fair resolution of complaints
It is our policy that consumers, wherever located, have access to a readily available process to provide them with fair resolution of their complaints and grievances concerning services, billing, and other practices and procedures. Accordingly, we provide consumers with helpful information about where and how to express their concerns and complaints to the Company and to regulatory authorities.

The opportunity to be heard
We believe in listening to consumers and taking their advice, counsel and criticism into careful consideration in our policy and decision making. We also believe consumers should have the opportunity to be heard on issues affecting our business.

Spirit of Service — a Tradition Continues at Northwestern Bell

One of the best known telephone pictures, "The Spirit of Service," has been symbolizing Bell System tradition for nearly a century. The picture depicts a real incident. In 1888, a fierce blizzard swept the New England area. Angus MacDonald, the man in the painting, and scores of other linemen, patrolled the lines to keep communications open. Nearly a century later, as we enter the Information Age, this Bell System tradition for service reliability is still strong. Through fires, floods, blizzards and other calamities, we keep the lines open.

NORTHWESTERN BELL

TO CALL A PARTY ON YOUR LINE

Two-Party customers dial the listed number, hang up. Your bell and the bell of the called telephone will ring until the called telephone answers. When your telephone stops ringing, lift your receiver and begin your conversation. If no answer, lift your receiver for a moment and then replace it. This will stop the ringing and will clear the line for other calls.

There's room on this page to write telephone numbers of friends, neighbors, babysitters, doctors and other people you call from time to time. We hope you'll write all over it . . . and keep it handy.

By using your telephone directory to find numbers and then jotting them down on this page, you'll save yourself time and help hold down the cost of telephone service.

Northwestern Bell's Consumer Bill of Rights

Northwestern Bell is committed to these consumer rights:

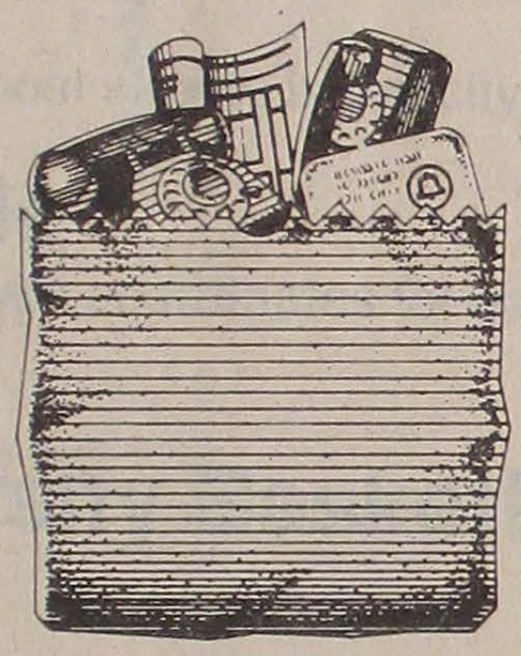

Dependable high quality services at reasonable prices
Northwestern Bell strives to provide quality telecommunications services for all consumers at fair and reasonable prices.

Courteous helpful assistance
Consumers deserve courteous, helpful assistance in all their transactions with Northwestern Bell employees.

Full information about our services
Consumers have a right to the information necessary to make sound decisions. It is our policy to provide consumers with the information they need about their telephone service, service options, including the lowest price service available, and pricing and payment options.

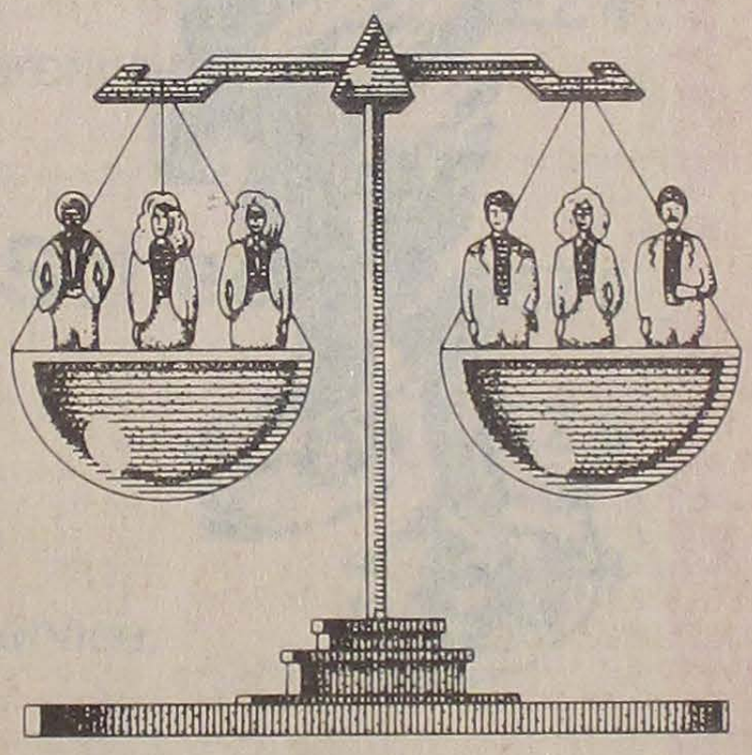

Choice of services
We believe consumers should have free and open choices of telecommunications services. When dealing with us the consumer should have the opportunity to select from all available service options.

Telecommunications privacy
We fully safeguard every individual's right to privacy as an essential aspect of our service. We carefully strive to protect communications services from unlawful wiretapping or other illegal interception. Customer service records, credit information and related confidential personal account information are fully protected.

An accurate, easily understood bill and reasonable billing procedure
We believe consumers should receive an accurate, easily understood bill, and one that makes clear when payment is due. Consumers are entitled to reasonable billing procedures and clear explanations about deposits, late payment of bills, collections, suspension, or disconnection of service for nonpayment. In case of bonafide emergencies, we try to avoid disconnection of service for nonpayment.

Fair resolution of complaints
It is our policy that consumers, wherever located, have access to a readily available process to provide them with fair resolution of their complaints and grievances concerning services, billing, and other practices and procedures. Accordingly, we provide consumers with helpful information about where and how to express their concerns and complaints to the Company and to regulatory authorities.

The opportunity to be heard
We believe in listening to consumers and taking their advice, counsel and criticism into careful consideration in our policy and decision making. We also believe consumers should have the opportunity to be heard on issues affecting our business.

Spirit of Service — a Tradition Continues at Northwestern Bell

One of the best known telephone pictures, "The Spirit of Service," has been symbolizing Bell System tradition for nearly a century. The picture depicts a real incident. In 1888, a fierce blizzard swept the New England area. Angus MacDonald, the man in the painting, and scores of other linemen, patrolled the lines to keep communications open. Nearly a century later, as we enter the Information Age, this Bell System tradition for service reliability is still strong. Through fires, floods, blizzards and other calamities, we keep the lines open.

How to be a better buyer

Millions of people "Let Their Fingers Do The Walking" and shop the Yellow Pages. They find the Yellow Pages an easy, convenient source of telephone numbers and buying information.

As publishers of the Yellow Pages, we want you to be satisfied with our product and to use it frequently. And we know that the best way to do this is to keep your confidence in our directories. We are proud of our record! We will not knowingly accept misleading or unethical advertising. If copy not meeting our standards is found, it is quickly removed.

To help you get greater value in all your buying, we have listed some good shopping tips which are worth remembering.

Price. Service provided after a sale may affect the selling price. Ask if the selling price included delivery, installation and service charges. Also ask about returns and refunds.

Estimates and Receipts. On major purchases, obtain estimates from more than one company. Receipts should be obtained for all payments, as well as for appliances taken from your home or left for repair.

Service and Repair. Check the cost of service calls by telephone. When the repair person is on the premises, ask for an estimate of the total cost of repair, then get an itemized bill before paying.

Contracts and Credit Details. Don't be rushed into signing a contract if you are unfamiliar or unsure. Ask for a copy to take home for a careful review. Learn the terms, interest rate, and payment plan. Be sure to retain a copy of everything you sign.

Guarantees. All guarantees and promises should be in writing. Find out who is responsible for carrying out the terms of the guarantee. If there is a registration card, be sure to send it in.

Licenses. Some professions and occupations are required to be licensed or certified pursuant to local, state, or federal laws. Questions concerning the licensing status of Yellow Pages advertisers should be directed to the appropriate governmental agency.

We know that you will find Yellow Pages Shopping a rewarding experience.

Wise people in a buying mood turn to the Yellow Pages. If you have something to sell or a service to offer, tell about it here in the Yellow Pages. The Yellow Pages is the meeting place for buyers and sellers.

Worry-saver tip:

Annoyance Calls

The best way to put an end to crank, prank, obscene or other annoying calls is to hang up immediately. If the calls persist, call your service representative. In difficult cases, we will work with the customer and authorities to catch the offenders. Threatening calls should be reported immediately to the police.

Check the front pages of this directory for other useful information about your telephone service.

GTE CUSTOMERS – TO CALL A PARTY ON YOUR LINE

If on repeated attempts to call a number the line is always busy it may be that the called number is on your line. Or if it is known that the party you wish to call is on your line, and you wish to call that party, proceed as follows:

1. Lift your receiver and listen for dial tone.
2. Dial 99 and directory listed number.
3. After dialing you will hear the busy tone. Then replace your handset. Allow a reasonable length of time for other party to answer, then pick up your handset and talk.
4. When the party you are calling answers, he will hear a 'ticking' sound which indicates that he should wait for calling party to speak.
5. If the called party does not answer, replace your handset.

JEWELL
NORTHWESTERN BELL

Your complete telephone number is needed on long distance calls-both to and from Jewell-and whenever you give your number to others. However, on local calls to other Jewell telephones, the first two numbers-82-may be omitted.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

Two-party customers dial 421.
After dialing the number hang up. Your telephone and the called telephone will ring until the call is answered. When the ringing stops, remove receiver and start your conversation. If no answer, remove receiver for a few seconds and then replace it to stop the ringing.

GENERAL TELEPHONE

TO CALL A PARTY ON YOUR LINE

If on repeated attempts to call a number the line is always busy it may be that the called number is on your line. Or if it is known that the party you wish to call is on your line, and you wish to call that party, proceed as follows:

1. Lift your receiver and listen for dial tone.
2. Dial 99 and directory listed number.
3. After dialing you will hear the busy tone. Then replace your handset. Allow a reasonable length of time for other party to answer, then pick up your handset and talk.
4. When the party you are calling answers, he will hear a 'ticking' sound which indicates that he should wait for calling party to speak.
5. If the called party does not answer, replace your handset.

Northwestern Bell's Consumer Bill of Rights

Northwestern Bell is committed to these consumer rights:

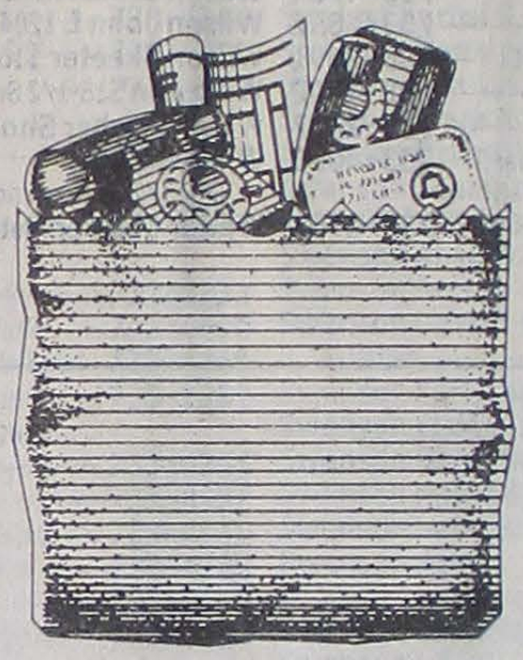

Dependable high quality services at reasonable prices
Northwestern Bell strives to provide quality telecommunications services for all consumers at fair and reasonable prices.

Courteous helpful assistance
Consumers deserve courteous, helpful assistance in all their transactions with Northwestern Bell employees.

Full information about our services
Consumers have a right to the information necessary to make sound decisions. It is our policy to provide consumers with the information they need about their telephone service, service options, including the lowest price service available, and pricing and payment options.

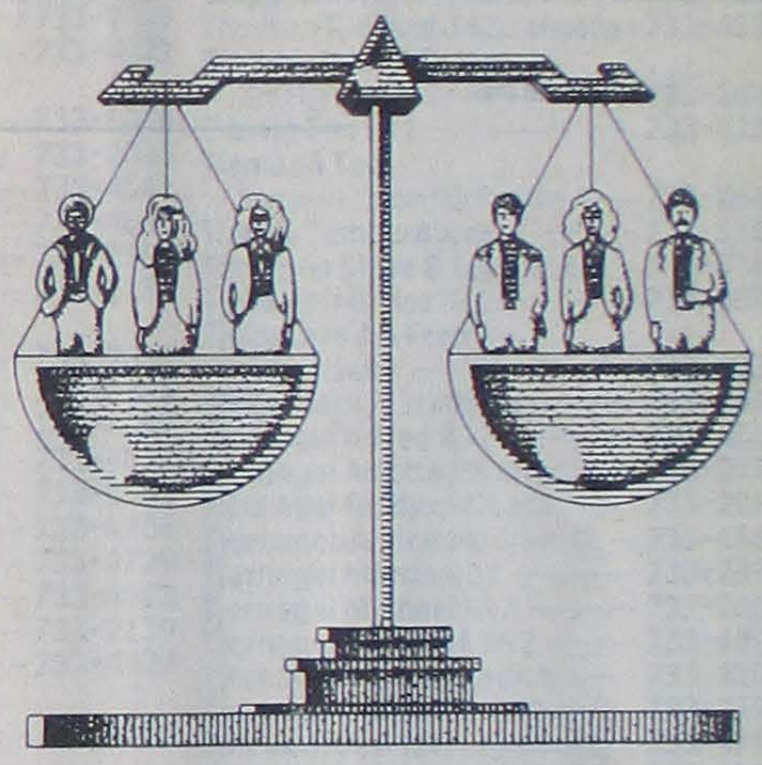

Choice of services
We believe consumers should have free and open choices of telecommunications services. When dealing with us the consumer should have the opportunity to select from all available service options.

Telecommunications privacy
We fully safeguard every individual's right to privacy as an essential aspect of our service. We carefully strive to protect communications services from unlawful wiretapping or other illegal interception. Customer service records, credit information and related confidential personal account information are fully protected.

An accurate, easily understood bill and reasonable billing procedure
We believe consumers should receive an accurate, easily understood bill, and one that makes clear when payment is due. Consumers are entitled to reasonable billing procedures and clear explanations about deposits, late payment of bills, collections, suspension, or disconnection of service for nonpayment. In case of bonafide emergencies, we try to avoid disconnection of service for nonpayment.

Fair resolution of complaints
It is our policy that consumers, wherever located, have access to a readily available process to provide them with fair resolution of their complaints and grievances concerning services, billing, and other practices and procedures. Accordingly, we provide consumers with helpful information about where and how to express their concerns and complaints to the Company and to regulatory authorities.

The opportunity to be heard
We believe in listening to consumers and taking their advice, counsel and criticism into careful consideration in our policy and decision making. We also believe consumers should have the opportunity to be heard on issues affecting our business.

$Money Saving Tips

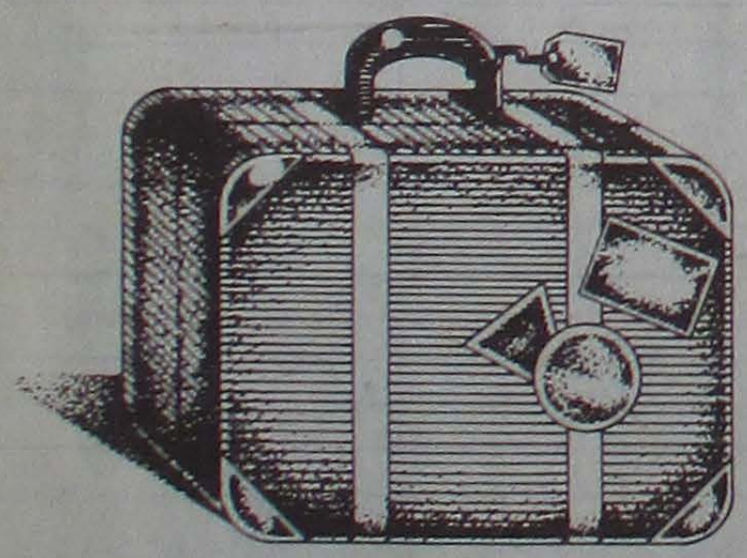

Do-it-yourself inside wiring
To save time and money, you can install, add or change the location of a phone. Kits and other equipment are available from retail suppliers. For additional information, look in the NWB Yellow Pages under "Telephone Equipment & Systems" headings.

Make changes all at once
Every time you have your telephone service changed certain one-time charges may apply. Save money by requesting changes at the same time.

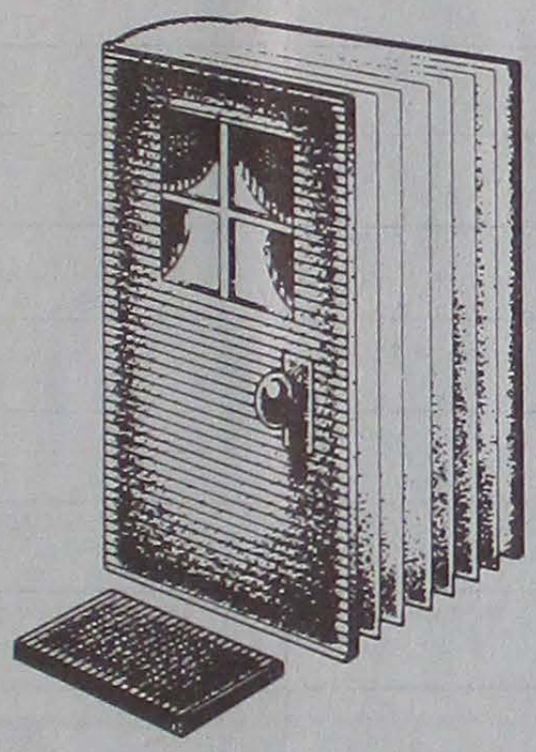

Letter of guarantee instead of deposit
You have the option of providing NWB with a letter from a person with established telephone credit willing to guarantee payment of your bills. This can be used instead of a deposit.

Schedule and plan your calls
If you call someone frequently, try to set a specific time when he or she will be there to receive your long distance call. That way, you can dial direct and save. Plan the things you want to say to save calling time.

Make special arrangements when you go on vacation
If you are going to be gone for two months or more, call your Service Representative to have your phone put on vacation rate service. The vacation rate is lower than most regular rates and may save you money, although there is a charge to reconnect your service. Your calls may be referred to another number while you are away for an additional charge.

Call during bargain times
Rates on direct dial long distance calls within your Northwestern Bell Zone and some local calls are lower during evening, night and weekend hours. Also, take advantage of holiday rates on New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day.

Use a NWB Calling Card when you are away from home
Next to dialing direct a Calling Card is the most economical way to make a long distance call within your Northwestern Bell Zone. You can get a Calling Card at no charge by calling your Service Representative.

Ask for coin phone refund
If a NWB public (coin) phone collects your money but you don't talk to anyone, report it by dialing the "**0**" (Operator) from another phone. We'll see that the phone gets repaired and mail you a refund.

Ask for credit on poor connections
If you have a poor connection or are cut off on a long distance call within your Bell℠ Zone using NWB service, both parties should hang up. If you made the call, tell the Operator and ask to be reconnected. You will also get an adjustment.

Ask for credit for wrong numbers
When you dial long distance within your Northwestern Bell Zone using NWB service and reach a wrong number, hang up and dial "**0**" (Operator) right away. Explain what happened so the Operator can arrange for the proper credit. The faster the problem is reported, the easier it will be to give you credit.

Save money on basic service
Choose telephone service that is best for you. A plan with unmeasured service is no bargain if you don't make many local calls. Likewise, a measured service plan with a low basic charge but extra charges for calls over your allowance will not save you money if you make many calls. Your Service Representative can help you pick out what best matches your budget and calling needs.
